

Hi Andy,

I got your message this morning about you wanting feedback on your dealings with us. Well that was easy, cos we have only got nice things to say..... ☺

I gathered feedback from Parents:

Relaxed and super organised

Great quality photos

Speedy reprint service

Fantastic with the kids, cheerful and friendly

Reasonable prices

My children look neat in appearance in photos (shirts straight, hair tidy), the photographer makes sure everything looks perfect.

Different background every year, photos taken in different locations around the school.

Feedback from Staff and Play Centre:

Always happy, laughing and extremely professional

Travels long distance to photograph our small school

Always finds a date and time to suit our school

Always on time, never late, never cancels

Best photographer and school photos that this school has had in the 20 years I have been here.

Will always book A Class Photographics every time, will not look elsewhere.

Extremely quick in taking the photos, yet always captures fantastic shots.

Great with babies and toddlers, photographs them in their playing environment.

No complaints from Parents, always great feedback.

Makes students and staff always feel very comfortable and makes them laugh.

Andy works really hard to achieve smiles on the kids faces every time.

Will always accommodate extra shots as requested – ie: our cat ☺

Photos are promptly returned within a week or two.

Andy, if there is anything else you would like quoted from us that is not in here, please feel free to add it. If any school would like to ring us for our thoughts and feedback please tell them to ring us, we would be only too happy to recommend you.

Look forward to seeing you again soon,

Kind Regards

Jo
